

Dear Director of planning

The thought of hundreds of house's being built in the pagham area is Ludicrous.

P/6/17 out - Stop

The wildlife will be affected, schools, dentist, doctors and fire station will all struggle to cope with staffing issues and the busyness. please don't ruin our lovely village, crime rate will go up and the main thing is the risk of flooding and traffic in the area, which will cause more accidents. If I wanted to live somewhere busy I would have moved to London not Rose Green or pagham.

Stop this build now.
