

Hook Lane Development
Sejra Rd.
Summer Lane.

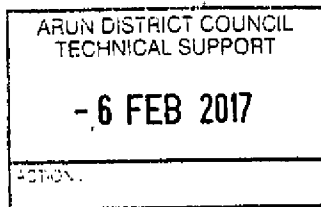

14 Hook Lane

Nyetimber

Pagham

Sussex

PO21 3NY

Dear Sir / Madam,

I wish to object to all the
large developments in Pagham for
the obvious reasons.

Loss of farmland. Allow food
cannot come from abroad.
Traffic. There are no jobs locally
so they will all travel back &
forth to where ever.

Flooding. Field at Hook Lane
flooded yesterday. Since the
road was made in Hook Lane -
(Yes I've been here over 40 years)

& raised, our front garden is
under water & have photos to
prove it. Pollution. Take a look at night

at the pollution ³ from the green
houses. That combined with all
the cars.

Doctors. They will be treating a lot
more asthma patients young & old.
(Proven not only fumes cause asthma
but can be the initial problem). The
country side needs green belt & plenty
of it. It needs to breathe as we do.

Schools. They won't be walking
in no traffic.

How big is the waiting list for
houses in this area? Back to the question
of jobs & travel.

I look forward to receiving the
outcome next week in the course of
common with Austin Mitchell on
the subject of green belt

Yours faithfully
Jelly
