This application is a Departure from the development plan

Land North of Hook Lane Pagham

Thank you for your internet representation made on 13th February 2017 which has been recorded as '**an objection**' with the comments as follows:

I object to the building of the development.

This area was severely flooded in 2012 my property included this had a devastating effect on the local community with both homes being destroyed and wildlife being destroyed.

This local area in a largely agricultural area, which with an increasing population is essential . Why then build on this land.

The Pagham road which is the main route to the A27 is my daily commute and can take up to 40 minutes both ways with large lorries and cyclists in large numbers also using this B road. There are weekly accidents along this road with vehicles in ditches often especially at the junction at Sefter Road.

Is there a need for local housing, when many of the houses in Berstead are unsold, and building along the Ouving road and Tangmere is underway. In a local area where the main jobs are in retail and the care industry these homes are often unaffordable.

Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee.
