Asst. Dir. of Planning  
Arun. Civic Centre

Littlehampton

B017 5LE

Ref: P/e/17 OUT (Hook lane)

Sirs,

This letter is to object wholeheartedly to the above proposed development. Although it really cannot be separated from P/134/16 OUT ~ P/140/16 OUT applications.

How any persons could consider this proposed housing site viable and feasible is beyond belief.

Water retention for loss of fields, outcome, not even thinkable.

Loss of farmland to such a

huge degree is criminal - our area  
is prime agricultural land, &  
so needed with such a  
growing population.

With regard to growing population  
the villages of Aldwick, Wyetcombe,  
Poyham cannot in any shape  
or form sustain the enormous  
amount of traffic which will clog  
up the roads - please note -  
the address is Hook Lane -  
'lane' being the appropriate word.

With people come needs - services  
i.e. Doctors hospitals schools.  
Oh we can build structures but  
filling them with people who are  
fully trained doctors nurses,  
preachers is quite a different  
matter. all completely unsustainable  
on so many accounts

I cannot write on a deep professionally  
level regarding groups, government  
policies, facts & figures. I can  
only base my thoughts on  
new along this I all seems  
to the inhabitants of our villages,  
honest places, with folk working  
on the land, shops, enjoying  
a peaceful place that we  
worked so hard to attain.
