

41 CONIFER WAY

BOGNOR REGIS

SUSSEX. PO21-3NP

Dear Sir

I wish to complain about the Planning Applications particular (P/6/17/OUT Hook LANE)

My belief it is unsustainable for instance I read in the local press the Highways Agency have the same concerns as myself the more traffic there is from these new build's more pressure is put on the Pagham Road also the approaching Roads to the A27.

Next we come to the services such as Doctors the Practice at Grove House, Priests Lane is now overhauled

I read once again in the local Press that Southern Water say they can handle all the waste from the extra Houses, then we hear that they let raw sewage into the Pagham Rife eventually into

2

Pagham Harbour so many times
a year does that mean they will
foul the Ridge more often?

The Developers Promise
they will allocate land for
Doctors Surgeries, Schools, Etc,
my question is who is going to
build all these Extras! My
experience is when the
Developers have finished off they
go (we have what we want we
have the Money)

Yours Sincerely

(THOMAS RIGBY)
