Dear Sir,

Having opposed the Hook Lane Housing Scheme some 20 years ago I now oppose this Application. This and the Sefton Rd. scheme are totally unacceptable. The present infrastructure can barely cope now. With exits from sites onto the Pagham Rd. it is an accident waiting to happen. Parking of cars in Nyetimber is already chaotic. At 6pm in the evening when cars from Chichester form a third lane through Nyetimber it's a very dangerous place to be. The Pagham Rd. [A road that has been scene of many accidents over the years.] is a very dangerous road and these developments will cause more problems.

The promise of new schools etc. are just words on a map.

Having seen Bognor Regis as a seaside town destroyed by Arun D.C. doing the same with Pagham.

Yours Sincerely
