Subject: Objection to the proposed developments of Rose Green Road, Lincoln Avenue and Sefter Road

To Arun District Council.

I am the owner of a Grade 2 Listed building in Rose Green Road.

Two housing developments have gone ahead in my vicinity recently - and already the increased traffic, noise and road damage are evident.

I understand that A.D.C. blithely give permission for what will be probably 12,000 extra cars on our already congested country roads in the sure knowledge that West Sussex C.C. will have the responsibility for the roads. I strongly object to the threat of all that extra traffic, the vibration (which shakes my house) from an increasing number of passing lorries.

I also object to the sudden surge in population around our area of natural beauty by people who don't care about our local history or the environment. Since the development of houses on the previous Osborne site there has been a distressing increase in litter both on the roads and in my garden and this would obviously increase with more housing.

Also why is good fertile farmland being considered for housing.

In my opinion Arun District Council is only concerned with the welfare of those around Littlehampton and have no understanding of the severe problems of Bognor Regis.

Doctors' surgeries have become more and more congested, class sizes in Rose Green Primary have leapt up.

There are few work opportunities in Bognor Regis - so the ridiculously overcrowded roads will get worse as people drive out to other places to work. The Police are so overworked that it took ONE MONTH before they followed a crime report I made in January.
