Application No: P/6/22/PL
Site Address: Land South of Summer Lane Pagham
Description of Works: Material change of use of 7.5 hectares of agricultural land to a public park comprising public allotments and open space. This application is a Departure from the Development Plan, affects a Public Right of Way and is in CIL Zone 5 (Zero Rated) as other development.

Ecology

No protected species surveys have been undertaken on the site so we are unable to establish if protected species are present. Prior to determination we require that an extended phase one habitat survey is undertaken on the site to determine if there is potential for protected species. If there is potential for protected species then further surveys would be required. These surveys plus any mitigation strategies required will need to be submitted as part of the planning application prior to determination.

Kind Regards

Liz
