Dear Simon,

I understand that the areas north of Summer Lane that are the subject of this application have been archaeologically evaluated by trial trenching and that no significant archaeological activity was identified. In the circumstances there would be nothing to be gained from any further archaeological intervention here. The planning condition (no. 17 on P/58/15/OUT) shouldn't be discharged until we've seen some documentation - but this should be a formality: the developer should be prompted to submit the Written Scheme of Investigation and a report on the results.

I haven't heard anything about the area to the south of Summer Lane.

Best wishes,

James
