Simon

Many thanks for the e-mail. I note the need to agree an extension of time and the fact that the target determination has long since past. As you will appreciate the applicant is keen that we get to a point of approval ASAP.

I am aware that there have been separate communications with the applicant relative to their desire to commence discharge of outline planning conditions, some of which are seasonally dependant.

In the circumstances, and appreciating that a meeting is to take place next week relative to drainage, could we in the first instance agree the extension until 31.1.20, which we would hope will be sufficient time to enable the application to be determined. If this is not the case, we can of course have a discussion then, ensuring that the earliest determination is approved thereafter.

I hope that the above is in order and makes sense. As always, happy to discuss.

Regards

Adrian

Dear Adrian,

I appreciate that we are not yet at the point of determination and I am not sure when (date wise) we will be so, but I note that we have not yet agreed any Extension of Time and I wonder if you would agree to one? If so, could you agree to one month from now so say 15/02/20, or if not, can you indicate what kind of date you could agree to?

Kind Regards
