Hi Daniel,

I don't consider this warrants re-consultation or detailed assessment, However, you could make things easier for me if you are able to include some colour images within the schedule so I don't have to cross reference versus materials I find on the internet.

Kind Regards

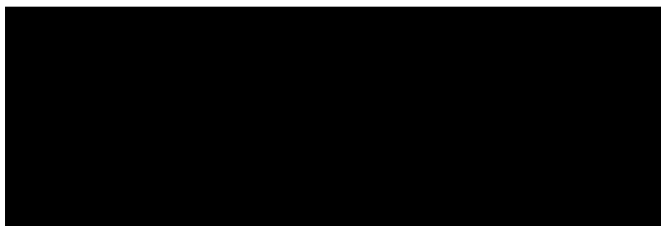

Hi Simon,

In which case, please find revised materials schedule attached... However, rather than risk delaying the consent, if you feel this requires further scrutiny a resulting condition would be preferable.

Thanks.

Dear Daniel,

You can provide details now or we can impose a planning condition. I have no preference.

Kind Regards

Hi Simon,

I've been looking into the project's material palette in more detail, currently the Architects have proposed one brick type/colour and one colour for the plain clay roof tiles. To add further variation I would like to introduce another colour to the bricks and tiles.

How would you like me to deal with the proposals in planning terms?

Thanks.

Kind regards,
