Further to the method statement from Drew Smith, how am I going to get to my driveway if Drew Smith suspend the rights of the residents using the unadopted part of Summer Lane ? Drew Smith do not even own the land or road they only have the same rights as the other residents.

The planning department has repeatedly told me by email that the rights and covenants of the residents of Summer Lane are nothing to do with Arun Council, so please explain how you can grant any planning permission for it ?

Please can I have a prompt answer to avoid any further problems.

Thanks Len
