Date; 27th September 2013

To;

Arun District Council
Or Whom It May Concern.

As a resident of Lagoon Road for a number of years, I would like to make our feelings clear for a property down our road that is to be renovated.

The property is; No.2 Lagoon Road, The Waverly. This property has been bought by a very nice, respectable family who wish to do up an existing building that has been run down for a number of years. We have seen all the current plans & we fully support all the works that are put forward, to make this a fantastic family home down our Road. The works in question make an old building of character stand out to make our Road a lovely place to live.

We have forwarded this letter of support to our new neighbours (Mr & Mrs Grace) & will support any further plans they put forward for the property.

Yours Faithfully,

Rob Castle & Kirstine Harris
