Hello Mrs Chapman

So sorry for duplicating the photo files, I don't know what happened. Attached are the other two I meant to send, I hope you can add them to my first email. Also apologies for the file sizes, I hope it doesn't take you too long to download them. I don't know how to make the files smaller. If you can give me any hints, I would be grateful. Apologies once again

Thank you

Christine Mitchell
