Subject: P/74/22/DOC

Dear Planning

With regard to Condition 33 (EV Charging Points) and the shortfall for 'any other development' of 5 spaces, leading to a 16% provision rather than 20% provision:

Please could the applicant explain why remote EV charging points fixed to a single mounting post are detailed in EV Charging Point Plan CB_84_139_014 REVD for some parking spaces, but such remote points on single mounting posts are not available for some of the dwellings (such as flats?).

Many thanks

Fiona Fitzgerald
