Re: Application P/76/16/P2.

This increase of facilities
would be horrendous due
to the increase in HGV heavy
traffic on Pagham Road.
It is bad enough now with
huge lorries together with
farm tractors + other farm
equipment.

The huge lorries on the
twisty road + bends now
is worrying - the road
cant take any more.
So NO! NO! NO! to
an increase.
