RECEIVED

15th August 2016.

Dear Mr Roberts,

Re: Planning Application for Barfoot's of Botley Farm P/76/16/PL

I would object most strongly to this application going ahead, Pagham is a village and therefore not meant for HGV lorries or any other such vehicles, apart from the pollution and the already wear and tear on the roads there have already been some serious accidents on the Pagham Road and heavy flooding blocking the road at times, extra traffic would therefore do nothing to improve this situation it can only get worse. Also there is the noise from Botley Farm at night there is a persistent loud humming noise which I presume comes from their generators and which goes on until the early hours. I trust you will take on board the concerns of the people who live very happily in Pagham and do not want it turned into an industrial estate.

Yours sincerely,

Mrs M Willison
