

BARFOOTS TRAVEL PLAN

OUR GOALS BY 2030

1. Reduce single occupancy trips by 6%
2. Increase public transport use by 2%
3. Increase car share by 3%
4. Increase cycle to work by 1%
5. Increase electric vehicle use by 2%

Travel Plan Coordinator:
Paul Chilton

Visit the “Harvest” staff perks website to apply for the cycle to work scheme. It can save you between 28% and 47% of the total cost of a new bike, equipment or both. Now includes E-Bikes!

There are showers and sheltered bike storage at Barfoots making cycling to work easier and more comfortable.

Visit the Barfoots Car / Lift share social group on “People First” HR system. Or follow the links to Hampshire or West Sussex lift share websites. Sharing a lift can save you up to £1,000 per year.
