Highways England Ref: HAMIS 91557; Tracker #13461

Dear Mr Cole,

thank you for your consultation of 3 June 2021 regarding the reserved matters application referenced above and requesting a response by 8 July.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. We will therefore be concerned with proposals that have the potential to impact the safe and efficient operation of the SRN.

The details submitted for this reserved matters application appear to replicate those submitted for P/135/20/RES which we responded to earlier today with no comments or objections as they relate to onsite details.

We are satisfied that the proposals in this reserved matters application will not materially affect the safety, reliability and/or operation of the strategic road network (the tests set out in DfT Circular 02/2013, particularly paragraphs 9 & 10, and MHCLG NPPF particularly paragraph 109) in this location and its vicinity. Therefore we do not offer any objections.

If you have any queries regarding this response, please contact us at

Kind regards,

Elizabeth Cleaver, Assistant Spatial Planning Manager
