Subject: Pagham responses

At a meeting of its Planning Committee held on 4th September 2018, Pagham Parish Council considered the following applications:

6.1 P/82/18/PL – Body Central Studio, 9 The Parade, Pagham PO21 4TW – Change of use from shop (A1 shops) to Mind & Body studio (D2 Assembly & Leisure) RESOLVED: No objection however the Parish Council would suggest a condition restricting use to activities which do not generate excessive noise. Whilst the activities proposed immediately following the change of use would not generate significant noise, it is possible that other businesses who may occupy the property in the future may do. There are residential properties proximate to this property which should be taken into consideration

Best wishes
