Dear Tom,

I understand that Technical Support are currently a month behind on registration. I am afraid that there is nothing I can do to change that in respect of your application.

Kind Regards

Simon

Thanks for getting back to me and for your email of Tuesday. There seems to be a couple of these missing at my end, so I will liaise with the Drainage Consultant and come back to you in due course.

Regarding the application for the landscaping condition please see email below which says Arun should have received our online approval of details.

Please could you confirm that this has been received as I received a similar notice for the original submission confirming that Arun had received the online application details on the 27th July (see two emails down), but it took a while to reach you from there.

I appreciate you are busy and there is a delay in the registration of applications, but anything that can be done to assist will be greatly appreciated so that we can commence construction.

I will get back to you ASAP regarding the missing pieces.

Kind Regards
