CONCLUSIONS

PRINCIPLE

The key policies considered are D DM1 and D DM4 of the Arun Local Plan. Pagham has an emerging Neighbourhood Plan with policy 1 of relevance. Pagham also has a Village design statement the contents of which are noted.

DESIGN AND VISUAL AMENITY

The development is situated to the side and therefore will be visible from the street scene.

This is modest in size and appears subservient to the host dwelling, set slightly back from the principle elevation keeping the line with the boundary. It will have an eaves to match the host dwelling with a pitch height of 4m. Materials will match existing to ensure it appears well integrated.

The proposed development due to its size and siting is not considered to impact upon the appearance of the street scene and accords with D DM1 and D DM4 of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to result in any harmful overshadowing or overbearing impact upon the occupiers of neighbouring dwellings. This is due to its modest scale and the distance between the proposal and neighbouring dwellings. Furthermore, the proposal is not considered to result in a loss of privacy to occupiers of nearby occupiers, due to its single storey nature.

There will be 1 window to the front elevation which will be partially obscured by a fence, at single storey it is not considered views are additional to that which can already be achieved and is not considered provide adverse overlooking. Doors to the rear will overlook the garden of the host dwelling.

Due to the design and siting of the development, it is not considered to harm amenity by way of overbearing, overshadowing or overlooking and accord with D DM1 and D DM4 of the Arun Local Plan.

SUMMARY

The development is accord with relevant development plan policies and is recommended for approval subject to the following conditions and informatives.

The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
