POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with specific regard to impact upon the Listed Building.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 16(1) of the Planning (Listed Buildings & Conservation Areas) Act 1990 states:

"In considering whether to grant Listed Building Consent for any works, the Local Planning Authority shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses."

Where the building is located in a Conservation Area, Section 71(1) of the Act states:

In the exercise, with respect to any buildings or other land in a Conservation Area of any powers (under the Planning Acts), special attention shall be paid to the desirability of preserving or enhancing the character or appearance of that area.

The proposal is considered to comply with these criteria in that it is not considered to materially affect the character or the setting of the Grade II Listed Building.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The proposal is to renovate the existing Listed Building by removal of wiring, pipework and other paraphernalia that have been added to the building over the years without consent. These proposals have been negotiated with the owners following their planning application for extensions to the adjoining swimming pool complex. The building is also to be renovated by the repair of the brickwork, roof and windows, and be brought back into a more beneficial use to the complex. This will result in the building being visually much better than existing and making a positive contribution to the street scene at the entrance to the holiday complex. It is, therefore, recommended that Listed Building Consent is approved subject to the Conditions set out below.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The works for which Listed Building Consent is hereby granted must be begun not later than the expiration of 3 years beginning with the date of this consent.

Reason: To comply with Section 18 of the Planning (Listed Building and Conservation Areas) Act 1990.

- 2 **INFORMATIVE:**
