Dear Simon,

North Mundham Parish Council has resolved to object to this application. The proliferation of caravans on this site has already led to an unacceptable volume of traffic along the narrow and winding Bowley Lane and through

the other narrow lanes in the parish. The comments already submitted by local residents will attest to this. Notwithstanding the claims in Luken Beck's covering letter that migrant workers tend not to own cars, they are a regular feature at all times of day and night, in addition to the regular traffic of private mini-buses. Traffic levels far exceed the capacity of this part of the rural road network.

Should this application receive consent we ask that it should be conditional on all traffic associated with the caravans at Bowley Farm being routed along the existing track to the Sefter Farm site and thence to the Pagham Road.

Kind regards,
