Dear Geoff,

We are required to make a decision by the 29th October. We may be able to delay the decision beyond that but that will be subject to agreement by the Head of Planning and I will also need to agree our position with Chichester DC. There is however, nothing to stop you from withdrawing the current application and resubmitting when you have everything that we need. If you do decide to withdraw then it may be best to wait until all consultation responses are received so you know what will be required.

Kind Regards

Dear Simon,

Many thanks for this advice.

We are at the moment held back on both these, by the need to appoint a Contractor.

We are hoping to do this in collaboration with the RSPB so we can get the preparations under way for the first part of the project.

I will press for a meeting with them.

I am not sure of the time restraint as the validation doesn't show a date for the decision, so please let me know if we are running out of time.

Best wishes,
Geoff

Dear Geoff,

We are starting to get consultation responses come in and if you are not already doing so then I would recommend that you keep an eye on our website (the online application files). In particular both our ecologist and our archaeologist are advising that they cannot agree to discharge conditions as insufficient detail has been provided.

Kind Regards
