Afternoon Simon,

Apologies for the delay in getting back to you.

I have since had another discussion with Sue Howell and have revised my drawing accordingly. I am now confident GreenSpace will be satisfied with the information provided.

Kind Regards

Chris Bignell

Subject: FW: Planning Consultation on P/89/14/DOC

Morning Chris,

I have just received the below comments from Greenspace

"Comment from Greenspace

The submitted drawing 10150 PL 100 does not adequately detail the proposed new hedgerows (native species) to be planted to the southern and eastern boundaries or any infill to gaps in the northern and western hedgerow belts. The information required would need to contain species mix, quantities, planting densities and size at time of planting. We would also request information on the timetable for the implementation of these works.

We consider that the information supplied is insufficient to recommend the discharge of Condition 3 on this application (following grant of application P/52/14/PL)"

I thought you'd said that you'd discussed this with Greenspace pre submission. Is this correct? If so what was the outcome? If you didn't speak to them first, then I am going no need the additional details as requested.

Kind Regards

Simon J Davis MRTPI, Senior Planning Officer, Development Control
