DSP1	D SP1 Design

PLANNING POLICY GUIDANCE:

NPPF	National Planning Policy Framework
NPPG	National Planning Practice Guidance

CONCLUSIONS

PRINCIPLE

The key policies considered are D DM1 and D DM4 of the Arun Local Plan.

Pagham has an emerging Neighbourhood Plan however none of the policies are relevant to the application.

BACKGROUND

Planning permission was approved for a single storey side and rear extension in July 2020. This application increases the depth of the side addition by around 2m.

DESIGN AND VISUAL AMENITY

The development is situated to the rear and side and therefore part will be visible from the street scene.

There is an existing garage and outbuilding to the side of the property which will be removed and replaced with a side extension.

This is modest in size and appears subservient to the host dwelling, set slightly back from the principle elevation. It will have a false pitch roof to the front with eaves to match the host dwelling. Materials will match existing to ensure it appears well integrated.

The proposed development due to its size and siting is not considered to impact upon the appearance of the street scene and accords with D DM1 and D DM4 of the Arun Local Plan.

RESIDENTIAL AMENITY

The side extension will have a width of 1.5m. This will increase in depth by around 2m from that previously approved and will run along the full side elevation. It will have a height of 2.9m with a flat roof. This retains around 0.7m to the boundary which consist of a brick wall.

There is a door to the side elevation of the neighbouring property, although with an existing garage to the side which will be removed the side addition is not considered to result in an additional adverse impact by way of overbearing or overshadowing.

The rear addition will have a maximum depth of 3m and likely falls under permitted development. This also does not increase in size compared to that already approved. The rear extension will sit at the boundary adjoining 5 however this does not extend beyond the neighbouring property and due to its modest height, the addition is not considered to give rise to adverse overbearing or overshadowing. Around 2.2m is retained from the extension to northern boundary and is not considered to give rise to adverse impacts to the neighbouring property at this elevation.

There will be a window to the side elevation. This will replace a window and a door and whilst it will look towards the neighbouring property, at single storey it is not considered views are additional to that which can already be achieved and is not considered provide adverse overlooking. Doors to the rear will overlook the garden of the host dwelling.

Due to the design and siting of the development, it is not considered to harm amenity by way of overbearing, overshadowing or overlooking and accord with D DM1 and D DM4 of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is

recommended for approval subject tot the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans
 - Location Plan
 - Proposed Floor Plan - July 2020
 - Proposed Elevations - July 2020

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.

- 3 **INFORMATIVE:** Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
