Dear Mrs Leeson

Butterlees Barn, Butterlees Farm, LAGNESS
Application P/145/08 – Discharge of Conditions

Further to your recent emails, please find enclosed our drawing BUT/D.09 showing the construction of the owl loft above the former garage, as requested, as per Fig. 2 of the English Nature Guidance booklet that you kindly forwarded.

We have also incorporate Swallow nesting boxes within the loft space above the holiday let, utilising the Schwegler No.10 boxes as also suggested and as per the attached revised drawings.

We trust that all of the above and enclosed is acceptable and that the condition can now duly be discharged.

Should you have any queries, please do not hesitate to contact us.

Yours sincerely

Malcolm Simmonds, RIBA
