Dear Alastair

We didn't raise any concerns, just advised Arun District Council that if they approve the application a Construction Management Plan condition should be secured as is standard in order to set out the vehicle movements, site set up etcetera at later stage.

Kind regards,

Katie Kurek | BA (Hons) MCIHT | Senior Transport Planner (Development Management)

Katie

I am a consulting engineer assisting the Pagham community and Pagham Flood Defence Trust with the application.

I am writing concerning the above planning application made to Arun District Council in May this year.

I have received some comments back from the Arun Coastal Manager Roger Spencer that West Sussex CC had some concerns.

He understands that Simon Davis the Planning Officer has explained that no material is to leave the area.

If I can re-affirm that position, but in any event if there are any questions I should be able to answer them.

Regards

Alastair Tindle
