Hi Simon,

This is part of due process for when proposals are likely to damage SSSI's, under the Wildlife and Countryside Act.

I can confirm that we are not planning to challenge this proposal and that the date that we were informed was on the submission date, Friday 8th October. This means that the works can commence from the 29th October.

I hope this clarification makes sense?

Tom Scott-Heagerty

Lead Adviser - Sustainable Development
Sussex and Kent Area Team

Hi Tom,

The Government Office have asked me to clarify what is meant by the comment in your 12/08 consultation response re notifying NE of the decision and allowing 21 days before commencement. Please see extract from your advice below:

"Please note that if your authority is minded to grant planning permission, you are required under Section 281 (6) of the Wildlife and Countryside Act 1981 (as amended) to notify Natural England of the permission, the terms on which it is proposed to grant it and how, if at all, your authority has taken account of Natural England's advice. You must also allow a further period of 21 days before the operation can commence."

I believe the Government Officer are seeking clarification as to whether we need to notify you of the decision for a certain period before referring to them or after they have responded to us. Please can you advise.

Simon J Davis MRTPI
Principal Planning Officer
