Hi Fiona,

Just in case I determine this one before he gets the info back to me (you), can you confirm whether your earlier objection still stands?

Dear Simon,

Please could the applicant forward the working out of the Woods formula referred to in the letter.

Please could the applicant also detail what the Woods formula is, and why it is appropriate in this case, and where it is referenced from.

Please could the applicant forward an assessment of the impact of the noise on the outside amenity space (i.e. the garden).

Many thanks

Fiona

Dear Fiona,

I have received the attached supplementary letter in response to your earlier concerns. Please advise if this resolves your objection? Also FYI, I attach an objection from Southern Water due to proximity to the pumping station.

Kind Regards
