Subject: Application P/94/15/PL - land to the east of 29 Harbour Road, Pagham

Dear Mr. Davis,

I look forward to your EHO's decision on this matter in due course.

In the meantime, after some chasing, I now attach further ecological advice received from my client's consultant, Arbtech Ltd, as referred to in the e-mail from the District Council's Senior Environmental Assessment Officer. I trust that this now meets with her approval. I confirm the applicant is willing to accept the Conditions referred to and should be pleased to discuss this with you in further detail.

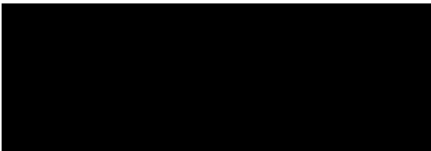

My client is preparing the S106 Agreement for signing and Sealing but as it has the application site plan attached, which is an A1 Drawing, it will have to be dispatched by post.

Regards,

Tony Higham

Dear Mr Higham,

I have not yet heard back from Environmental Health.

Kind Regards

Dear Mr. Davis,

I refer to our meeting last week on this matter and am grateful for your time.

I now understand from my client's solicitor that there is agreement with Mr. Jones on the wording of the S106 Agreement and I am making arrangements for the document to be signed and Sealed and sent back to Mr. Jones.

In the meantime, I continue to chase a response from the ecological consultant, Arbtech Consulting on the further advice required and am becoming slightly worried that I have not received this information. I have chased it further today and am conscious that the deadline of the 27th of November is rapidly approaching. I hope to report further very shortly.

Could you let me know if a response has been received from the District Council's EHO concerning the noise, etc from the pumping station. You will recall that consultants Clover Acoustics sent further explanation requested, which I forwarded on 9th November. I look forward to hearing from you on that matter.

Regards,

Tony Higham
