Subject: Pagham responses

Pagham Parish Council considered the following applications at a meeting of its Planning Committee held on 13th November 2018.

- 6.1 **P/94/18/PL – Land Between Commonmead Barn & Field View/Farm Gale Cottage Pagham** – erection of 3No containers for storage & repair/restoration of cars & boats. **RESOLVED: OBJECT – the proposed development was a departure from the development plan and was considered unacceptable development in the Countryside. The Countryside is protected specifically by Policy C SP1. The proposed development does not accord with any of the reasons for allowing development in the Countryside set out in the policy. The proposed activity of repair and restoration of cars will inevitably lead to noise and disturbance.**
