10th December 2015

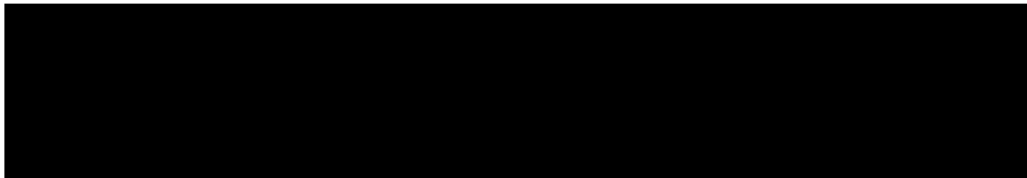

Dear sir/madam

Re Planning application P/97/15/PL for Arun District Council.

Managed breach of shingle spit & blocking of adjacent tidal inlet channel with shingle barrier. Formation of shingle island within Harbour following excavation of adjacent area of spit.

As residents of Pagham Beach, it is very clear to us that this planning application should be approved. Ideally, work should be carried out as quickly as possible to avoid further deterioration of the beach. In our opinion, this is a preferable and more sustainable solution than shoring up the beach with granite blocks.

Yours faithfully

Jonathan and Vicki Hutchings
