Dear Sirs

Re: Planning application P/97/15/PL
The Pagham Spit

We are writing to give our full support for this application to cut the Pagham Spit as indicated in the planning application submitted by Pagham Parish Council.

We view this as the best option to ensure the safety and integrity of the Pagham Beach estate, but also to prevent progressive erosion of the beach spreading further East and extending the risk to even more homes.

It must surely be better to stop the erosion via the plan submitted

Yours faithfully

Christopher Lee
Chairman.
