Subject: Pagham Harbour

I write in support of the proposal to undertake a managed breach of the shingle spit at Pagham Harbour.

- Arun District Council Planning Application Ref: P/97/15/PL
- Chichester District Council Planning Application Ref: SY/15/03053/FULEIA

It is vital that this outcome is moved forward as soon as possible. It is also vital that the two relevant Local Planning Authorities, together with the Environment Agency, Natural England and RSPB, should all work together in a positive manner. My support is based on the following positive outcomes:

People and their homes are at risk in the current situation and a large scale flood of the surrounding area and farmland is possible. Wildlife and the local nature reserves would also be lost. The potential clean up operation would be considerable and costly but can avoided by the above proposals.

On a personal note, I grew up near this beach and spent many happy hours of childhood here, I would hope that future generations would have that same opportunity to enjoy the local area.

Kind regards,

Alun Morgan
