Mr S Davis

4th January 2016

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Managed breach of shingle spit & blocking of adjacent tidal inlet channel with shingle barrier. Formation of shingle island within Harbour following excavation of adjacent area of spit. This application is accompanied by an environmental statement
Church Norton Spit Pagham Beach Pagham

Thank you for your internet representation made on 31st December 2015 which has been recorded as '**support**' with the comments as follows:

I wholeheartedly support the proposed cutting through of the spit. My home has been here on the beach at Pagham for almost 100 years. It has sheltered generations of families over this time and has never been threatened with destruction by the sea, due to the maintenance of our island nation. All of a sudden the maintenance stopped and within a few years our homes are threatened. I love this place and I love my home. I have no means to leave it and live elsewhere. I have no time to start again with nothing and this will be my situation, along with hundreds of others that live in Pagham. I want my wife to be able to sleep at night and to not feel sick when we look at the destruction that has befallen our once safe, beautiful haven. Please cut the spit.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Karl Roberts
Director Planning & Economic Regeneration
