Subject: RE: Planning Application - Pagham Harbour managed breach of shingle spit

Hi Simon

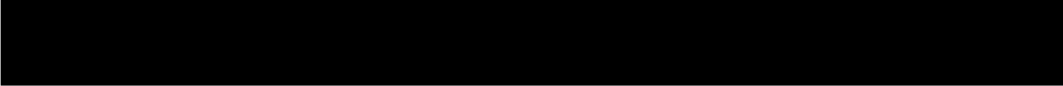

I am writing to confirm that an extension of time of application P/97/15/PL is acceptable. We understand that the extension is to 21 August 2016.

Can you please let me know whether this email response is appropriate. If a response is required online or in letter format please let me know and I will arrange.

Regards

Colin

Hi Colin,

As you can see from the below email. Ray Radmall has agreed to the extension of time. However, I need you, being the agent, to confirm this in writing so I would be grateful if you could reply to me (and CC in Katherine Rawlins) to say you agree to an extension until 21 August 2016.

I look forward to hearing from you.

Kind Regards

Dear Simon,

Pagham Spit - controlled breach

I write in respect of your request for agreement to extension of time for potential consent.

As you are aware, due to recent discussion and written representations, we are extremely concerned at the prospect of losing the capability of commencing the scheme implementation before autumn.

Having said that, I am very aware of the procedural constraints faced by the LPA.

As Chairman of Pagham Parish Council, the applicant, I hereby accede to your request to agree the necessary extension of time, with the expectation that our ongoing discussions can achieve a favourable result.

Kind Regards,

Yours faithfully,

Ray Radmall

Dear Ray And Robin,

I'm sorry to chase but we do still need you to agree an extension of time.

I would say at this point that we have asked for August because if we need to present this application to the Development Control Committee, the earliest meeting we can take it to is the one in August. As you may be aware the agenda for the June meeting has already been set and is happening next week. The agenda for the July meeting closes a week tomorrow. However, if the application does not need to go to Committee and can be done under delegated powers then it is more than likely that you will not have to wait until mid-August for a decision and could receive a decision in July. Therefore, can you please respond in writing (by email) to agree to the extension as requested (21 August 2016).

Kind Regards

Dear Ray and Robin,

As per Colin's email below, I am emailing you both to agree an extension of time on the application. All I need is your written agreement in an email reply. I would say that just because we are asking for August 21st, does not automatically mean that no decision will be made until then. If for example the application can be decided under delegated powers, then it may be issued before that date. It is always better to seek a longer extension now than have to raise this issue again down the line.

I look forward to your reply.

Kind Regards
