Dear Sir/Madam,

Re: Arun District Council Planning Application Ref P/97/15/PL - Managed breach of shingle spit & blocking of adjacent tidal inlet channel with shingle barrier. Formation of Shingle Island within the harbour following excavation of an adjacent area of spit – Church Norton Spit, Pagham Beach, Pagham, West Sussex

I write to you regarding the above planning application, for which it has been necessary to undertake an appropriate assessment and also subsequently to carry out the derogation, IROPI and compensatory measures tests.

I understand that in accordance with paragraph 62(5) of the Conservation of Habitats and Species Regulations 2010, Arun District Council, as the competent authority, must notify the appropriate authority. We are unable to determine the application before the end of a period of 21 days beginning with the day notified by yourselves as that on which your notification was received, unless you direct otherwise.

Please note that this planning application covers land within the jurisdiction of both Arun District Council and Chichester District Council. Arun District Council has been the lead competent authority but you will also receive a separate request from Chichester District Council.

I have not been able to find any guidance anywhere as to what documents I am required to send to you. I therefore provide a copy of the submitted Location and Block Plans, our planning application report and a copy of the proposed planning conditions which would then be included within the eventual decision notice. Copies of the application files can be viewed through our website here:

http://www1.arun.gov.uk/PublicViewer/Authenticated/Main.aspx?user_key_1=P/97/15/PL

I trust that this is sufficient but please do not hesitate to contact me should you require any further information.

Yours sincerely,

Simon J Davis MRTPI
Principal Planning Officer
