Subject: Fwd: Ref: S278 (Summer Lane Road Improvements) works commencing 11/1/2021

Hi Simon,

Please would you post my response to Lee Howard
This is relation to the development in Summer Lane

Thanks

Paula Hilton

To: [REDACTED]

Dear Mr Howard,

I have today received your letter which is to home-owners in Summer Lane which is not at all clear. It refers to S278 but then doesn't explain what S278 is or means. The letter says the section 278 drawings showing the extent of the works are attached to the letter but there was no attachment. Please could you provide the attachment as a matter of urgency?

The letter talks about relocating the footpath and reinstating the highway legal boundary to its original position which will require adjustments to some residents' driveways? I thought there was something in law that dictated that if something had been a certain way for a certain period of time then it became accepted that was as it was so how you think you can just change frontages to peoples homes is beyond me.

I own two properties in Summer Lane and have been waiting for weeks for the promised visit to talk to me about where the pavement, dropped curb and road will go. Engineers keep saying they will knock to discuss the plans with me and nothing. Now that I have received your letter I would like to meet with you on site to discuss what the proposed S278 changes will mean to my two properties.

Please could you also confirm that the works to the adopted and unadopted part of Summer Lane will all be carried out at the same time as recently I got the impression that the unadopted part was excluded from the planned works in January 2021? If that is the case please could you advise why and when those works are scheduled for?

I look forward to hearing from you.

Paula Hilton
