This Message originated outside your organization.

Hi Iqraa,

Further to your email below, on behalf of Mrs. Wheeler I wish to confirm that the dimensions to the side boundaries are shown on both the existing floor plan (drawing number 0101-01) and the as built plan (drawing no. 0101-08) which is in accordance with the guidance contained in the Householder Validation Criteria - see extract below.

"Block Plan scale 1:500 or 1:200 It should show: a) the direction of North; b) the proposed development in relation to the site boundaries and other existing buildings on the site with any new buildings/work to be clearly indicated on the plan (hatched, highlighted or clear written dimensions). Written dimensions to boundaries are to be included to assist with the understanding of development and its relationship to neighbouring properties. If it is more practical such dimensions can be indicated on other plans but must be provided within the application drawings. Dimensions are not required for front porches, dormer windows/roof light proposals."

On the basis that the information submitted is in accordance with the validation criteria I trust that the application will now be validated.

Many thanks

Clare Hassam

Good afternoon,

Thank you for getting back to us.

Unfortunately, the application is still invalid as the block plan does not have dimensions to the side boundaries. Could you please review and amend accordingly?

Kind Regards

Iqraa Malik
