Our ref
PLAN-034474

Date
13/08/2020

Dear Sir/Madam,

Proposal: 1 No. detached 5-bedroom house with attached single storey double garage & carport.
Site: R/102/20/PL: - Land North of Springfield House, Cross Road, Rustington, BN16 2ST.

Thank you for your letter dated 04/08/2020.

Southern Water requires a formal application for a connection to the foul sewer to be made by the applicant or developer. We request that should this application receive planning approval, the following informative is attached to the consent:

A formal application for connection to the public sewerage system is required in order to service this development. Please read our New Connections Services Charging Arrangements documents which has now been published and is available to read on our website via the following link:
southernwater.co.uk/developing-building/connection-charging-arrangements

The Council's technical staff and the relevant authority for land drainage consent should comment on the adequacy of the proposals to discharge surface water to the local watercourse.

The design of the proposed basements and on-site drainage system should consider the possibility of surcharging within the public sewerage system in order to provide the protection from the risk of flooding.

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.
