Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town and Country Planning (Development Management Procedure) (England) Order 2015**

Application No: R/108/21/PL  
Site Address: 117 Sea Lane Rustington BN16 2RU  
Description of works: Demolition of two dwellings and the construction of 3 No. 3-bed town houses and 5 flats. This site is in CIL Zone 4 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 6th December 2021 which has been recorded as an objection with the comments as follows:

OWPC42407

Shaftesbury Ave junction with Sea Lane is directly opposite our private drive which already has 3 dwellings that need to access Sea Lane safely. We have witnessed several accidents on this junction due to vehicles parking on the corners of this junction causing people exiting Shaftesbury Ave to pull into the middle of the road to get a clear view north and south into Sea Lane. The proposed planning of these dwellings will increase the amount of parked vehicles, reducing safety and visibility. The proposed planning of these additional dwellings is a safety factor for both pedestrians and vehicles travelling on both roads. The proposed planning is not in keeping with either Shaftesbury Ave or Sea Lane. We strongly object to further building on Sea Lane which is a historic road and original to Rustington. This is also directly opposite a blue plaque dwelling and should be considered more carefully. Disruption to normal life whilst any additional buildings potentially being built will create accidents as where do the building contractors park? This seems to be a greed application rather than sympathetic to the area. The appearance of Rustington needs to be preserved rather than crowded tiny crammed dwellings on any space. Shaftesbury Avenue is tight for space at the best of times, this application would be more plausible if the original structures were replaced with just two houses which would make more sense. This would provide better standard of living rather than crammed boxes.

Your views as made above will be considered before the application is determined.
