Dear Mr Gardner

Further to my previous email yes please do take the extra time as requested as we are some time getting to the bedroom element. Once we have approval we obviously can plan things more easily.

All the best

Dear Mr Ogrodnik,

Thank you for the information. I have written your application up for conditional approval. I am writing to you to request an extension of time on the application so that my team leader has time to check it through and then be able to issue the decision. Would it be possible to have until the end of next week (Friday 26/07/2019). Any help you could give would be greatly appreciated.

I look forward to hearing from you.

Kind regards

Finlay Gardner

Dear Mr. Gardner,

The rear extension ie/ Kitchen was approved in our application RH/151/16/HH and our intention was to build a bedroom over it the Kitchen extension is currently being built so it is not shown on the plans as built. the conservatory extension is also being currently built. If you think that we should need further approval please do let us know..

Yours faithfully
Alex Ogrodnik

Subject: Application R/109/19/HH

Dear Mr Ogrodnik,

I have recently taken on your application (R/109/19/HH) for a first floor rear extension. I have a few questions that I would appreciate if you could clarify.

On the plans it shows the rear extension being built from the ground up making it a two storey extension as a posed to a first floor extension. On the Southern elevation there is also development and changes shown. If you could just clarify if you would like the application to include the side extension as part of the application. If you do wish for the side extension/ conservatory to be included as part of the application then we would need to re advertise the application. Any clarification would be greatly appreciated.

I look forward to your response.

Kind regards,
Finlay Gardner
