CONCLUSIONS**PRINCIPLE**

In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, Policy 2 of Rustington Neighbourhood Development Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy 2 of the Rustington Neighbourhood Development Plan states that development proposals will be supported providing that their scale, density, massing, height, landscape design, layout and materials reflect and enhance the established character of the area.

DESIGN AND VISUAL AMENITY

Due to the siting of the proposed development, and the boundary treatment within the area, the proposed development will be visible within the street scene. The proposed extension is not considered to result in a harmful impact upon the character of the area, due to its separation distance from the street scene and its modest design. The proposed extension is considered to appear well integrated with the host dwelling, and subservient to its built form.

The proposal is deemed to be in accordance with D DM1, D DM4(a) and (b) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to result in any harmful overshadowing or overbearing impact upon the occupiers of neighbouring dwellings. This is due to its modest scale and the distance between the proposal and neighbouring dwellings. Furthermore, the proposal is not considered to result in a loss of privacy to occupiers of nearby occupiers, due to its single storey nature.

The proposal is deemed to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun

District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
