Mr P Meaghan
The Parkway

29/3/2008

Dear Mr Meaghan

Regarding the Ash tree outside Dr Richardsons house in the Meadway, I have inspected it and report as follows.

It is in good condition having a crown of approx. 12 metres and similar crown spread. There is signs of heave in the driveway which seems to be beyond normal spread of the Ash,
It may be prudent to restrict the crown by thinning to prevent more root growth assuming the Ash is the cause of the damage to the drive.

I hope this is of assistance in this matter.

Yours sincerely

C.J.Gilbert
