Subject: RE: R/116/20/CLP - Garage re-siting and extension plans

Good Afternoon

The floor plans (existing & proposed) need to show the positions of all doors and windows. On all of the plans, please put measurements (metric) of windows, doors, walls etc instead of the scale.

Kind Regards

Nicky

Good morning Nicky

thank you for your email yesterday confirming that the location and block plans look fine. I will go ahead and buy these.

I know you said to send you completed floor and elevation plans - but I have concerns about the labelling detail required. Would you please have a look at the attached floor and elevation plans (existing only at the moment) and let me know if anything else is required.

Thank you for your help
Regards
Tony

Hi Tony

The Block and Location plans look fine for validation.

With regards to the floor and elevation plans, please submit actual plans rather than a draft copy and if there are any queries, I will contact you.

Kind Regards

Nicky

Hi Nicola

my attempts at Location and Block plans are attached - as discussed I would be very grateful if you would cast your eye over them and let me know if any changes are needed before I buy them.

- I think I did put red lines around my property boundaries on both as shown on my deeds.

- the Block plan currently shows the proposed siting of my garage (in purple) super-imposed over the existing garage - is this ok or do you need separate Existing / Proposed Block plans ?

I will try to send you draft floor and elevation plans tomorrow.

Thank you for your help with all this

Regards

Tony Czajkowski
