Dear Sirs,

Re: REF No. R/121/15/CLP
Loft Conversion - 31 Andrew Close

Further to your letter of the 2nd April.

I am highlighting that despite the proposed scaling down to the design of the above bungalow - the new proposal does not eliminate the core issues that were a problem with the first scheme (Ref: R29/15/HH) and I am (as well as the attached list of Residents living in Andrew Close) once again strongly objecting to this application for permitted development being allowed to go ahead by the Council.

c.c. Clerk to the Council (RustingtonParish)

The undersigned Residents of Andrew Close are
also signing their objection to the proposed
loft conversion of 31 Andrew Close
