

Dear Iqraa,

Thank you for your communication. I have amended the information on Certificate A – to that as the agent. I have attached a separate scanned copy of page 8 – as I do not have the software to revise the original.

Regards

Terry Stuckey
Agent

Dear Mr Stuckey,

Thank you for providing the amended plans.

I have attached your application form above. Please amend and return via email.

Kind Regards
Iqraa Malik

Thank you for your communication regarding the application for the proposed alterations at the property above.

My response to the comments are :

- I have no problem with the change of title . I have amended the drawings to suit
- I have added the setting out dimensions onto the drawings BERR/001 & 002

- I mistakenly used my name as the applicant on the submission whereas I should as agent have provided the same information details as are used for Certificate A.
I have no copy to review other than the draft copy from the Planning Portal . So I cannot amend the application details.

If I can have copy then I can review the application and re-submit direct to Arun District Council.
