

Appendix 3

Parking

There are 4 parking spaces at the front of the main building as well as a further parking space at 33 Fittleworth Garden around the corner.

For the past 11 months, visitors to the Holiday Let have had no problem parking as they mostly go out in the daytime, during office hours.

There is always ample parking at evenings and weekends as the Chiropody surgery is then closed.

On the rare occasion that the main forecourt is full, visitors can use the alternative parking that I pay rent for on a pro rata basis at 33 Fittleworth Garden. The resident there does not own a car.
